Following your writing of the CMDCAS Examination on October 26, 2010, we are pleased to inform you that you have met the passing grade requirement. However, following the analysis of your exam results, we recommend that you improve your knowledge on the CMDCAS Policy and audits.

Your CMDCAS certificate will be sent when you are a qualified auditor, which can be demonstrated either by a certificate from an auditor certification body or a letter from your organization to that effect. Send an e-mail directly to me when you achieve that status.

Please accept our congratulations for this achievement.

Sincerely,

Denis Pronovost  
General Manager
